

DEPARTMENT OF COMMUNITY HEALTH NURSING

The community health nursing department was established in 2010. The department of community health nursing is focused on fostering and strengthening the relationship of the college with the community. The department imparts quality education to the students and is committed to prepare them as exemplary community health nurses. The department has creative plan of activities towards strengthening the student skills to enable them to provide quality of service to individuals, families and the community. The department has well established laboratory with all the equipments. The department adopted various methods of teaching like panel discussion; symposium and computer assisted teaching to provide primary health care to the society.
